

Office Furniture Installation

Whether your business is moving existing office furniture or installing new, our trained team can make it happen with minimal downtime.

We have extensive experience with shipping & receiving, disassembly, packing, coordinated relocation, and office furniture assembly.

We can assemble and install just about any piece of office furniture:

- Office desks
- Office chairs
- Reception desks
- Conference desks
- Office cubicles
- Bookcases
- File Cabinets
- Work stations
- And More!

We'll get your team back to work ASAP. Whether your office is moving within the same building or across town.

We can receive your new office equipment at our climate-controlled warehouse and then deliver it to your office location. And if needed we can store, organize, and catalog your office furnishings until you're new location is ready.

We can also assemble and install large kiosks, oversize booths for retail locations and displays for lobbies and common areas.

We manage the assembly of all major brands, including:

HON, Herman Miller, Steelcase, Haworth, Office Depot, Bush, Wayfair, Knoll, Boss, Humanscale, IKEA, Ashley furniture, Overstock, Amazon, and others.

We also partner with many office design and office furniture re-sellers to handle the logistics, receiving, delivery, and installation of a variety of products.
